Experience

Futuriva

Laravel Vue Web Developer

April 2024 - Present (2 months)

As a Laravel Vue Web Developer at Futuriva Marketing Agency, I specialized in building and maintaining web applications, leveraging Laravel PHP framework and Vue.js frontend technology. With a focus on Vuetify for responsive design and Vuexy template for efficient state management, I collaborated closely with cross-functional teams to deliver high-quality solutions within project deadlines. My responsibilities included customizing features, conducting code reviews, and optimizing frontend performance to ensure exceptional user experience.

Freelance

Laravel Web developer

January 2023 - Present (1 year 5 months)

- Develop custom web applications, ensuring smooth integration between frontend and backend.
- Translate design concepts into responsive and adaptive websites, meeting project requirements and deadlines.
- Provide ongoing support and maintenance for clients' web projects.

Info Gate

Laravel React Web Developer

October 2023 - March 2024 (6 months)

As a Full Stack Developer at Info Gate, I contributed to the development and maintenance of the Info Gate platform, specializing in Laravel PHP and React. Working collaboratively with a diverse team, I played a key role in all stages of the software development lifecycle, from conception to deployment, ensuring high performance and scalability of the platform. I implemented new features, optimized codebase, and resolved bugs to enhance user experience. My proactive approach and commitment to excellence contributed to the success of the project.

Lead Capture LTD

Laravel Developer

May 2023 - August 2023 (4 months)

- Drive feature implementation and bug resolution in web applications, enhancing functionality and performance.
- Deliver clean and maintainable code to ensure seamless user experiences.

- Collaborate with cross-functional teams to create high-quality solutions and meet project deadlines.

BIG Informatique

Java (EE) ExtJS Web Developer

December 2017 - January 2020 (2 years 2 months)

Annaba

- Implemented innovative features and resolved bugs for web applications using Java EE and ExtJS.
- Created dynamic and interactive user interfaces, ensuring seamless backend integration.
- Committed to delivering high-quality solutions that enhance functionality and user experience.

Education

Badji Mokhtar University

Master's degree, Computer Science · (October 2012 - June 2017)
